

Immunizations

The State of Alaska requires specific immunizations for school attendance. Students may not be registered for school unless verification of these required immunizations is provided.

The immunization history must be documented on an official record or a statement must be signed by your physician or health care provider verifying the dates for each dose.

Religious or Medical exemptions are available – please contact your Inbound Coordinator for more information.

The following immunizations are required:

	Dose 1	Dose 2	Dose 3	Dose 4	Dose 5	10 year Booster
DTP/DT/Td						
POLIO						
MMR						
HEPATITIS A						
HEPATITIS B
